Course in progress

Understand React (Zrozumieć React)

A course from the authors of the youtube channel How to start programming?

WORK EXPERIENCE

Passenger service agent

Welcome Airport Services | 12.2018 - 6.2022

In this job I developed skills such as communication, quick decision-making and teamwork. Every day I served hundreds of passengers from all over the world, many times facing difficult and unpredictable situations. My responsibilities included.

- coordination of the check-in and boarding process
- responsibility for compliance with airline procedures
- onboarding of new employees
- preparation of reports

EDUCATION

Python

Orange Foundation Coding school | 12.2022-06.2023

- Python - basic and intermediate
- Software testing and TDD
- Backend technologies

Link to certificate: Python Certificate

Aviation

War Studies University | Master degree | 2018-2020

- Civil Aviation Safety Management
